

EMPIRETECH GLOBAL

Creating your paradise

INDUSTRIAL, WAREHOUSE CONSTRUCTION & INSTITUTIONAL PARTNER

A JAIPUR-BASED CONSTRUCTION & PROJECT DELIVERY COMPANY

FACTORIES

WAREHOUSES

SCHOOLS

COLLEGES

HOSPITALS

TOWNSHIPS

Our story: EmpireTech Global started in Jaipur as a real estate and construction company, rooted in hands-on civil engineering. Today we build the factories, warehouses, schools, colleges, hospitals, and townships where strong structure, proper approvals, and on-time delivery matter most.

*“We build what industries and institutions depend on —
engineered right, cleared right, delivered on time.”*

Founder-Led

IIT Delhi & Civil Engg. directors

Based in Jaipur

Serving Rajasthan & NCR belt

Compliance First

Rules checked before design

EMPIRETECH GLOBAL PVT. LTD.

Why EmpireTech Global

Single-point accountability, start to finish — one team manages your project from first site visit to final handover.

One Team, One Owner

No blame-shifting between architect, builder, and supplier.

Rules Checked Early

Fire safety and approvals planned at design stage, not fixed later.

Engineering-Led Design

Structural & MEP design follows Indian safety codes (IS 456/800/1893).

Budget Assurance

Projects planned to meet your budget while maintaining quality and safety standards.

On-Time, By Stage

A dedicated project manager tracks every stage of the schedule.

Built to Run, Not Just Look Good

Designed for how your facility works every day, not just handover day.
